

TRANSFORMING LIVES WITH YOUR SUPPORT

'Udayan' is a Sanskrit word meaning Eternal Sunrise.

Udayan Ghars

Sunshine homes that nurture orphaned children in the warmth of a family

Based on the belief that a loving home and family is the right of every child, Udayan Ghars are long term residential homes, where children, who are orphaned or abandoned, are nurtured in a simulated family environment, from the age of 6-18 years. Through a strategy called **L.I.F.E- Living In Family Environment** - this 'Group Foster Care' model ensures children are loved and cared for by a group of **Mentor Parents**. Socially committed individuals (volunteers), they groom the children like their own, with a team of social workers, care givers and supervisors. Our homes are located in busy, middle class neighbourhoods, so children can reintegrate themselves into society. Children receive quality **education in some of the best schools**.

Since inception Udayan Ghars have nurtured **291 children** with love and protection. Presently there are 188 children across **13 Udayan Ghars in Delhi & NCR, Kurukshetra and Jaipur**, with a vision to reach out to many more children.

Udayan Shalini Fellowship Programme – USF

Higher education to develop girls into dignified, independent young women

Through **financial** and **mentoring** support, USF enables girls from weaker sections of society to **continue higher education**. Today, we are proud that our girls, whom we call **Shalinis (Dignified Women)**, are pursuing prestigious courses like Engineering, Medicine, CA and Computer Science, among others. Some of the unique features of USF are mentoring and regular motivational workshops to create a force of sensitive, trained and enlightened citizens. To become socially aware

and responsible, each girl fulfills 50 hours of social work in a year.

USF has supported **2678 girls**. Currently **1447 Shalinis** are undergoing the Fellowship in 8 cities - **Delhi, Kurukshetra, Gurgaon, Dehradun, Haridwar, Phagwara, Kolkata and Aurangabad.**

Volunteer – Internship Programme

Creating a human chain of active citizenship for Child Rights

We motivate individuals from **India and across the globe**, to participate voluntarily in our programmes, enabling them to actively advocate for child rights and serve society in a sustained manner. Udayan Care's Internship Programme provides a great opportunity for students to gain on-the-job exposure to the not-for-profit sector, while contributing in their areas of interest. Udayan Care is grateful for the support of thousands of volunteers **from over 20 countries across the globe.**

Udayan Care Information Technology & Vocational Training Centres

Bringing technology and vocational choices closer to the underserved, improving livelihoods

Udayan Care IT&VT Centres aim to improve livelihood options for youth and women from underprivileged communities in **Delhi & NCR**. Courses are **heavily subsidised** and include **Microsoft certified CTSP** (Community Technology Skills Programme) and computer courses, spoken English, tailoring, sewing and embroidery, beauty therapy and personal grooming. Students are also trained in life skills, given **career counselling and placement assistance**. Training staff also undergoes capacity building to keep abreast of new technologies.

Udayan Care IT&VT Centres have ensured opportunities to **8455 women and youth** who are leading lives of dignity and self reliance. We consistently enhance the quality of our training and reach out to more communities.

Big Friend Little Friend Programme

A bond of friendship where an adult accompanies a young adolescent in a journey of love

The Big Friend Little Friend Programme is an initiative born out of our belief that adolescents between 12-17 years, from underprivileged communities, need emotional support and companionship. The programme connects **volunteers** (Big Friends) with **children from underprivileged families** (Little Friends). In a short span, we have paired **39 Big and Little Friends** and are looking for many more .
