

“Lifted By Compassion: LIFT Fellowship

A Grateful journey with Udayan care and UNICEF”.

A Beacon in the darkness: Unaware of the fellowship and distressed, my world shifted when I received a message of hope during my struggling times. UDAYAN CARE and UNICEF’S sponsorship became a platform to smooth survival, offering more than financial assistance – it was a tangible expression of belief in the potential of care experience. A special thanks to Ms. Sufeera an ex-fellow of lift, whose guidance added a personalized touch to the support. It marked the beginning of a journey illuminated by the LIFT team.

In the realm of care leavers seeking a brighter future, the lift fellowship found unwavering support in the generous hearts of udayan care and UNICEF. As we reflect on a transformative year, our hearts overflow with gratitude for pivotal role these esteemed organizations have played in illuminating paths to success and as the lift fellowship set sail, driven by the vision of these respective organizations our mission was clear: to empower care experienced youth / care leavers navigating life’s intricate challenges. The shared commitment to social development became the driving force behind a transformative journey.

In the heart of social life development program, I conducted Ten’s social life development sessions with the particular youth at different venues, through different modes each designed to equip care experienced with practical tools for navigating the complexities of life. From communication and problem solving to emotional resilience, these sessions became cornerstones for personal growth.

Within the fellowship, connections flourished into friendships specially formed a good bonding with Mr. Anand, others include Mr. Amir, Mr. Abhishek, Ms. Hajra, Ms. Nandani, Ms. Narmdi, Ms. Manisha, Ms. Priyanka, Mr. Rakesh, Mr. Shankar, Mr. Sujit| forming a network of support and camaraderie. The shared experiences and mutual encouragement fostered a sense of belonging, creating a community that understands the journey of care experienced youth. These newfound connections became a catalyst for personal growth. Through shared stories, mentorship (special Thanks to Mr. Feroz Ahmad-Mentor, the coordinators- MS. Vidhika, Ms. Surja, Mr. Amit and Ms. Mousami) and collaborative learning, I groomed myself, evolving a more resilient and empowered individual. The fellowship not only transformed the lives of care experienced youth but also became a transformative space for personal development.

In this journey, my gratitude extends beyond words. USAYANCARE and UNICEF’s commitment to social causes has not only transformed lives but also contributed to a large narrative of empowerment and resilience, creating a tapestry woven with compassion.

As I express deepest thanks, we look forward to a future where the collaborative efforts of lift fellowship, and other stakeholders along with exceptional support of care experienced youth, continue to illuminate path for such youth. This heartfelt journey is a testament to the enduring impact of those who believe in the potential of every child.

Thankyou
